Disclaimer

These reimbursement policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if Blue Cross and Blue Shield of North Carolina (Blue Cross NC) Medicare Advantage covered the service for the Healthy Blue + MedicareSM (HMO-POS D-SNP) member's benefit plan.

The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence.

You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with Current Procedure Terminology[®] (CPT) codes, Healthcare Common Procedure Coding System (HCPCS) codes, and/or revenue codes. These codes denote the services and/or procedures performed and, when billed, must be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our reimbursement policies apply to both participating and non-participating professional providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Blue Cross NC Medicare Advantage may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.
- Adjust the reimbursement to reflect the appropriate services and/or procedures performed.

Policy

Blue Cross NC Medicare Advantage allows reimbursement for procedure codes appended with Modifier 22 unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise.

Reimbursement is based on 120% of the applicable fee schedule or contracted/negotiated rate for the procedure code when the procedure or service provided is greater than what is usually required for the listed procedure code. Prepayment review will be performed to support the use of Modifier 22. The use of Modifier 22 should follow correct coding guidelines for claims submission.

Note: Modifier 22 is allowed with surgical procedures identified with a global period of 000, 010, 090, or YYY.
